

WESTVIEW PARK IMPROVEMENT & CIVIC ASSOCIATION

MESSAGE FROM THE BOARD

Spring 2017

Dear Westview Park Neighbors:

We have embarked on a new year of work and activities. We need increased membership. WPICA membership is at 7% of households (132 of 1800 homes). We need 20% of households as members to be eligible for certain grants.

The WPICA Board of Governors works on behalf of Westview Park on three particular elements of community: *Promoting Safety, Common Good, and Social Welfare*. However, the planning and implementation of programs and activities needs both monetary and hands-on involvement of residents.

We are planning four community events between June and September. The Board has been awarded a grant from the **Baltimore Community Foundation** for the purpose of implementing activities that increase community involvement. We plan to continue with annual events and to implement a WPICA Fall Festival as a celebration of community and diversity contained within. The effort put forth to implement these activities involves working with local elected officials, state and county agencies, and businesses. All of our collaborators are interested in numbers. How many residents does WPICA serve and how many households are members? Membership numbers indicate the support our residents. **There is strength in numbers.**

The goal is to achieve 450 household members in 2017. Help increase membership by renewing your membership and encouraging your neighbors to be members in WPICA.

Please take time to be an active member by joining a committee (See pg 2). Our activities, strength, and success are accomplished with the support of the community.

Best regards,

WPICA - Board of Governors

Board Members & 2016 Woodlawn Officer of Yr
